PA-145

Automatic Weighing
Machine

- › Revolutionary design that distributes the product over 63 buckets, 3 rows of 21 buckets each
- › Three load cells, one per row, and an innovative bucket release system which allows for high weight accuracy
- › Continuously detailed and complete productivity information
- › Color LCD touch-screen with intuitive software
- › Remote Maintenance via Ethernet Connection

PA-145 >

Designed for delicate fruit handling and accurate weights with fast production

The PA-145 is an accurate and fast weighing machine. Its program changes are quick and do not require full downloads. Furthermore, the machines dimensions allow for easy coupling to almost any packaging line, very versatile.

- > A color touch-screen with a user friendly interface allows for easy operation of the PA-145. The program allows the user to make adjustments to the weigher on the run. Diagnostic and production readings are integrated into the software.

> ATTACHED INFORMATION

WEIGHT	1700 Kg	3750 Lbs.
WIDTH	2419 mm	95 in.
HEIGHT	2552 mm	101 in.
LENGTH	1518 mm	60 in.
